CROWDK</>CODE LP

LIMITED PARTNERSHIP

a Micro-Funding focused Limited Partnership for Founders,
Entrepreneurs & Startups

CK|LP

Invest in Ideas, Founders & Startups
for as little as a nickel.

Yeah, a nickel.

You know. One of these.

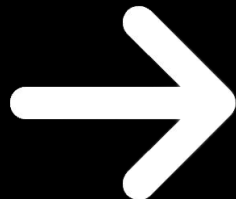

The cost to join? (we aren't going to make you wait...)

\$5/mo. (no contract, pay-as-you-go)

Absolutely NO strings
attached.

Check the deets...

VCs, Equity Firms and Institutional Investors are running away with the game.

And, now LPs are starting to figure out that the earlier you invest, the greater the potential for your return.

Especially because getting in early almost guarantees you a seat at the table in later rounds (where valuations often blow up)

CK|LP

Yet, there are more than **400M** Small Businesses & **600M** Entrepreneurs in the world - who create 50% of the jobs.

Imagine if even a fraction of either group invested **just a nickel** each - every day.

There's that nickel again.

Just 1/10th of 400M+

CK | LP

40M Small Businesses & Entrepreneurs X **\$0.05** =
\$2M/day

And, **\$60M** per month

That's **240** investments at **\$250k** *per month*

And, the key is... to **invest in things super early** .

Like “idea” stage early, not just pre-seed.

(That’s why we’ve designed crowdcode.com around “ideas”)

That way, we can write ourselves into later rounds
right then and there.

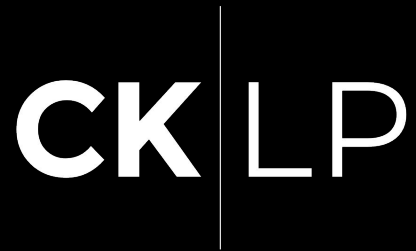

Our Founding Team has more than 25+ yrs in the Tech game, knows half the industry (even though they're sort of renegades + rebels) - and now lots of LPs are finally starting to see things the same way.

As a result, **we're starting to get more and more invites to join larger, already successful LPs.**

For example, we have an invite to join an established LP
(from a Techstars alum) that has a 2nd raise starting
June 30 .

The buy-in is **\$300k** with a **\$100k per year** “capital call”
(ie. what we have to actually put up).

But, this isn't just about joining other LPs.

It's about giving us all the confidence and experience to use crowdcode.com as a tool to discover billion-dollar ideas **wayyyy ahead of everyone else** .

And, as a final bonus - if you join now, you'll forever be a Founding LP - and **you'll get Equity** in CrowdKode, LLC -
+ a **lifetime percentage of the monthly**
"Management Fees" of the LP arm/division.

So, imagine if and when tens of millions of other
Entrepreneurs, Startups & SMBs become LPs.

Simply sign up for free at CrowdKode.com - set your unique Referral Link (ie. @username or @handle)
And start sharing with friends, family, strangers, etc.

The price for the general public will be **\$20/mo** and if someone uses a Founding LP's referral code, they'll only pay \$10/mo - and **you'll keep \$5/mo (of that) forever** .

That's it.

If you wanna chat with someone from our Founding Team, email partners@crowdcode.com or crowdcode@gmail.com or text/call **312-857-3511** (during normal business hrs).
